THE WOMAN'S CONGRESS

CHICAGO, Lat., May 20, 1893. Outside of what the World's Fair nay have contributed to the material growth of Chicago within the past two years, to mark more distinctly the narvelous area of her progress, the strong spirit of energy and rush seems never to relax her hold upon the onward march of the western metropolis. Spending a winter here ten years ago, we find the then familiar suburbs, whose most inviting aspect was but a song of the whippoorwill and the dissordant crosk of the merry frog have ceased to haunt these regions and alonsiness houses and stately residences have flashed up, and the hum of the city seems now the permanent home of that no distant reign of waste and solitude But let us return to the Fair and glance at Chicago proper at another time.

sewildering panorama of beauty and splender with which one is overwhelmed mon their first day's introduction to he White City, we may now hope to ook upon it from a more practicel and endless attractions of the World's Fair her inventions. appreciative standpoint. The Manu- grounds while beating these mazy The Woman's Congress has been in years old and a young man who was factures and Liberal Arts building, as rounds that the sense of hunger did session several days and some of the not over bright.
